

City/County Network Annual Meetings

This September and October, IPPN will be visiting county networks across the country, bringing key updates, insights on pressing issues, and essential support for our members. Most importantly, these events provide a great opportunity to connect with fellow principals and deputy principals.

Additionally, if you're interested in playing a more active role in IPPN, consider representing your city or county network on the National Council. Your voice and experience can help shape the future of our profession!
