

IPPN CPD Schedule

September- October 2017

County Network meetings are the essence of IPPN's network and offer members the greatest opportunity to find support, share best practice and avail of practical CPD at a local level. County Network meetings are open to Principals and Deputy Principals. The Autumn meetings are of great importance. Each meeting is attended by one or more of IPPN's Board of Directors. IPPN Board members are your elected representatives nationally. They carry much needed information to principal teachers while taking member feedback and priorities to shape IPPN's programme of work for the coming year. Please attend a meeting in a venue that is convenient for you.
